

2002 Cabernet Sauvignon

This is our first vintage of Cabernet Sauvignon, which developed fully during this very warm growing season. Extreme heat in September presented a challenge to many growers but our diligent sustainable farming helped keep the vines in balance which resulted in evenly ripened fruit. The resulting dark and intense Cabernet exhibits the classic plum and blackberry aromas of the Alexander Valley, but is enhanced by an exotic spicy quality we find characteristic of our vineyard. The dark fruit core of this wine is balanced by firm structure and rich dense tannins that last with the finish.

Profile

Appellation	Alexander Valley
Harvest	9-29-2002
Cooperage	100% French; 30% new
